

Who We Are

Over **6,000 independent restaurants** use Fishbowl's software and services to find new guests, build loyal guest relationships, manage their online reviews, and build their social media pages and followings.

What We Do

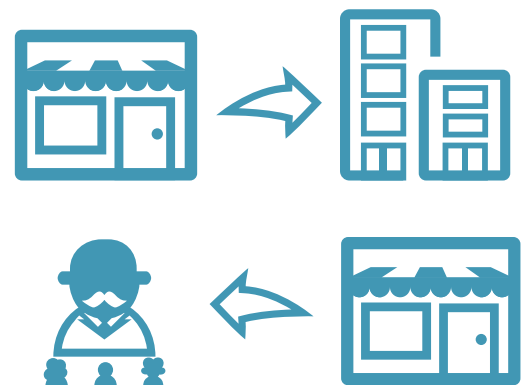

We make it simple for you. Fishbowl can manage your marketing on your behalf or you can do it yourself with our software tools.

We do it for you with our Marketing Services team:

Our dedicated marketing specialists will develop and execute a monthly marketing plan so you can get back to running your business.

You can do it yourself with our easy to use software tools:

We offer software products tailored specifically for restaurant operators, including email marketing, guest enrollment, online reviews, social media, direct mail, and SMS.

How We Benefit Your Company

We are the only restaurant focused marketing provider in the industry. Our clients enjoy a much higher performance across multiple channels, including: email marketing, Facebook impressions and fan growth, and finding new guests in their neighborhoods. *Plus* we manage all of your online reviews and help you drive higher guest engagement.

What Our Clients Have To Say

*"I'm **very impressed** with the professional appearance of my ads and emails. My rep allows me to have a lot of influence over what ads we run, when and how we run them. For the costs involved, I'd say Fishbowl marketing is the best investment I've made in a long time. On top of increased marketing reach it has allowed me to reduce other less effective types of marketing!"*

-Rod Ellis, Cracklin' Jacks

*"Without a doubt, Fishbowl has **exceeded our expectations** for the services they have provided. They are incredibly responsive and their follow through has been impeccable!"*

-Dave Godwin, Marketplace Grill
